EAST NEW CAIRO

DEVELOPED BY NOMAD COMMUNITIES

COMPUTER GENERATED IMAGE

# NOMAD® Communities

NOMAD has been building since 1997: a construction company and an interior design house in one, with work across Egypt, Saudi Arabia and Libya.

The record runs from factories, heavy industry and petrochemical plants to a part in the Grand Egyptian Museum. Two disciplines, held in the same company, and decades of carrying one through the other.

SIGHT is the step from building for other people to developing for itself.

THE IDEA

# A DIFFERENT WAY OF LOOKING

SIGHT is a boutique residential project by NOMAD Communities. The identity begins with the experience of home: the view, the light and the details we notice every day.

# ONE GROUP
# THREE DIVISIONS

Erama Group carries SIGHT from the first drawing to the finished interior. Construction, engineering consulting and interior design sit under one mark, inside one group, so the work passes between them without passing out of the house.

# SOME SEE A PLACE. WE SEE WHAT IT COULD BECOME.

THE MEANING OF SIGHT

# A POINT OF VIEW

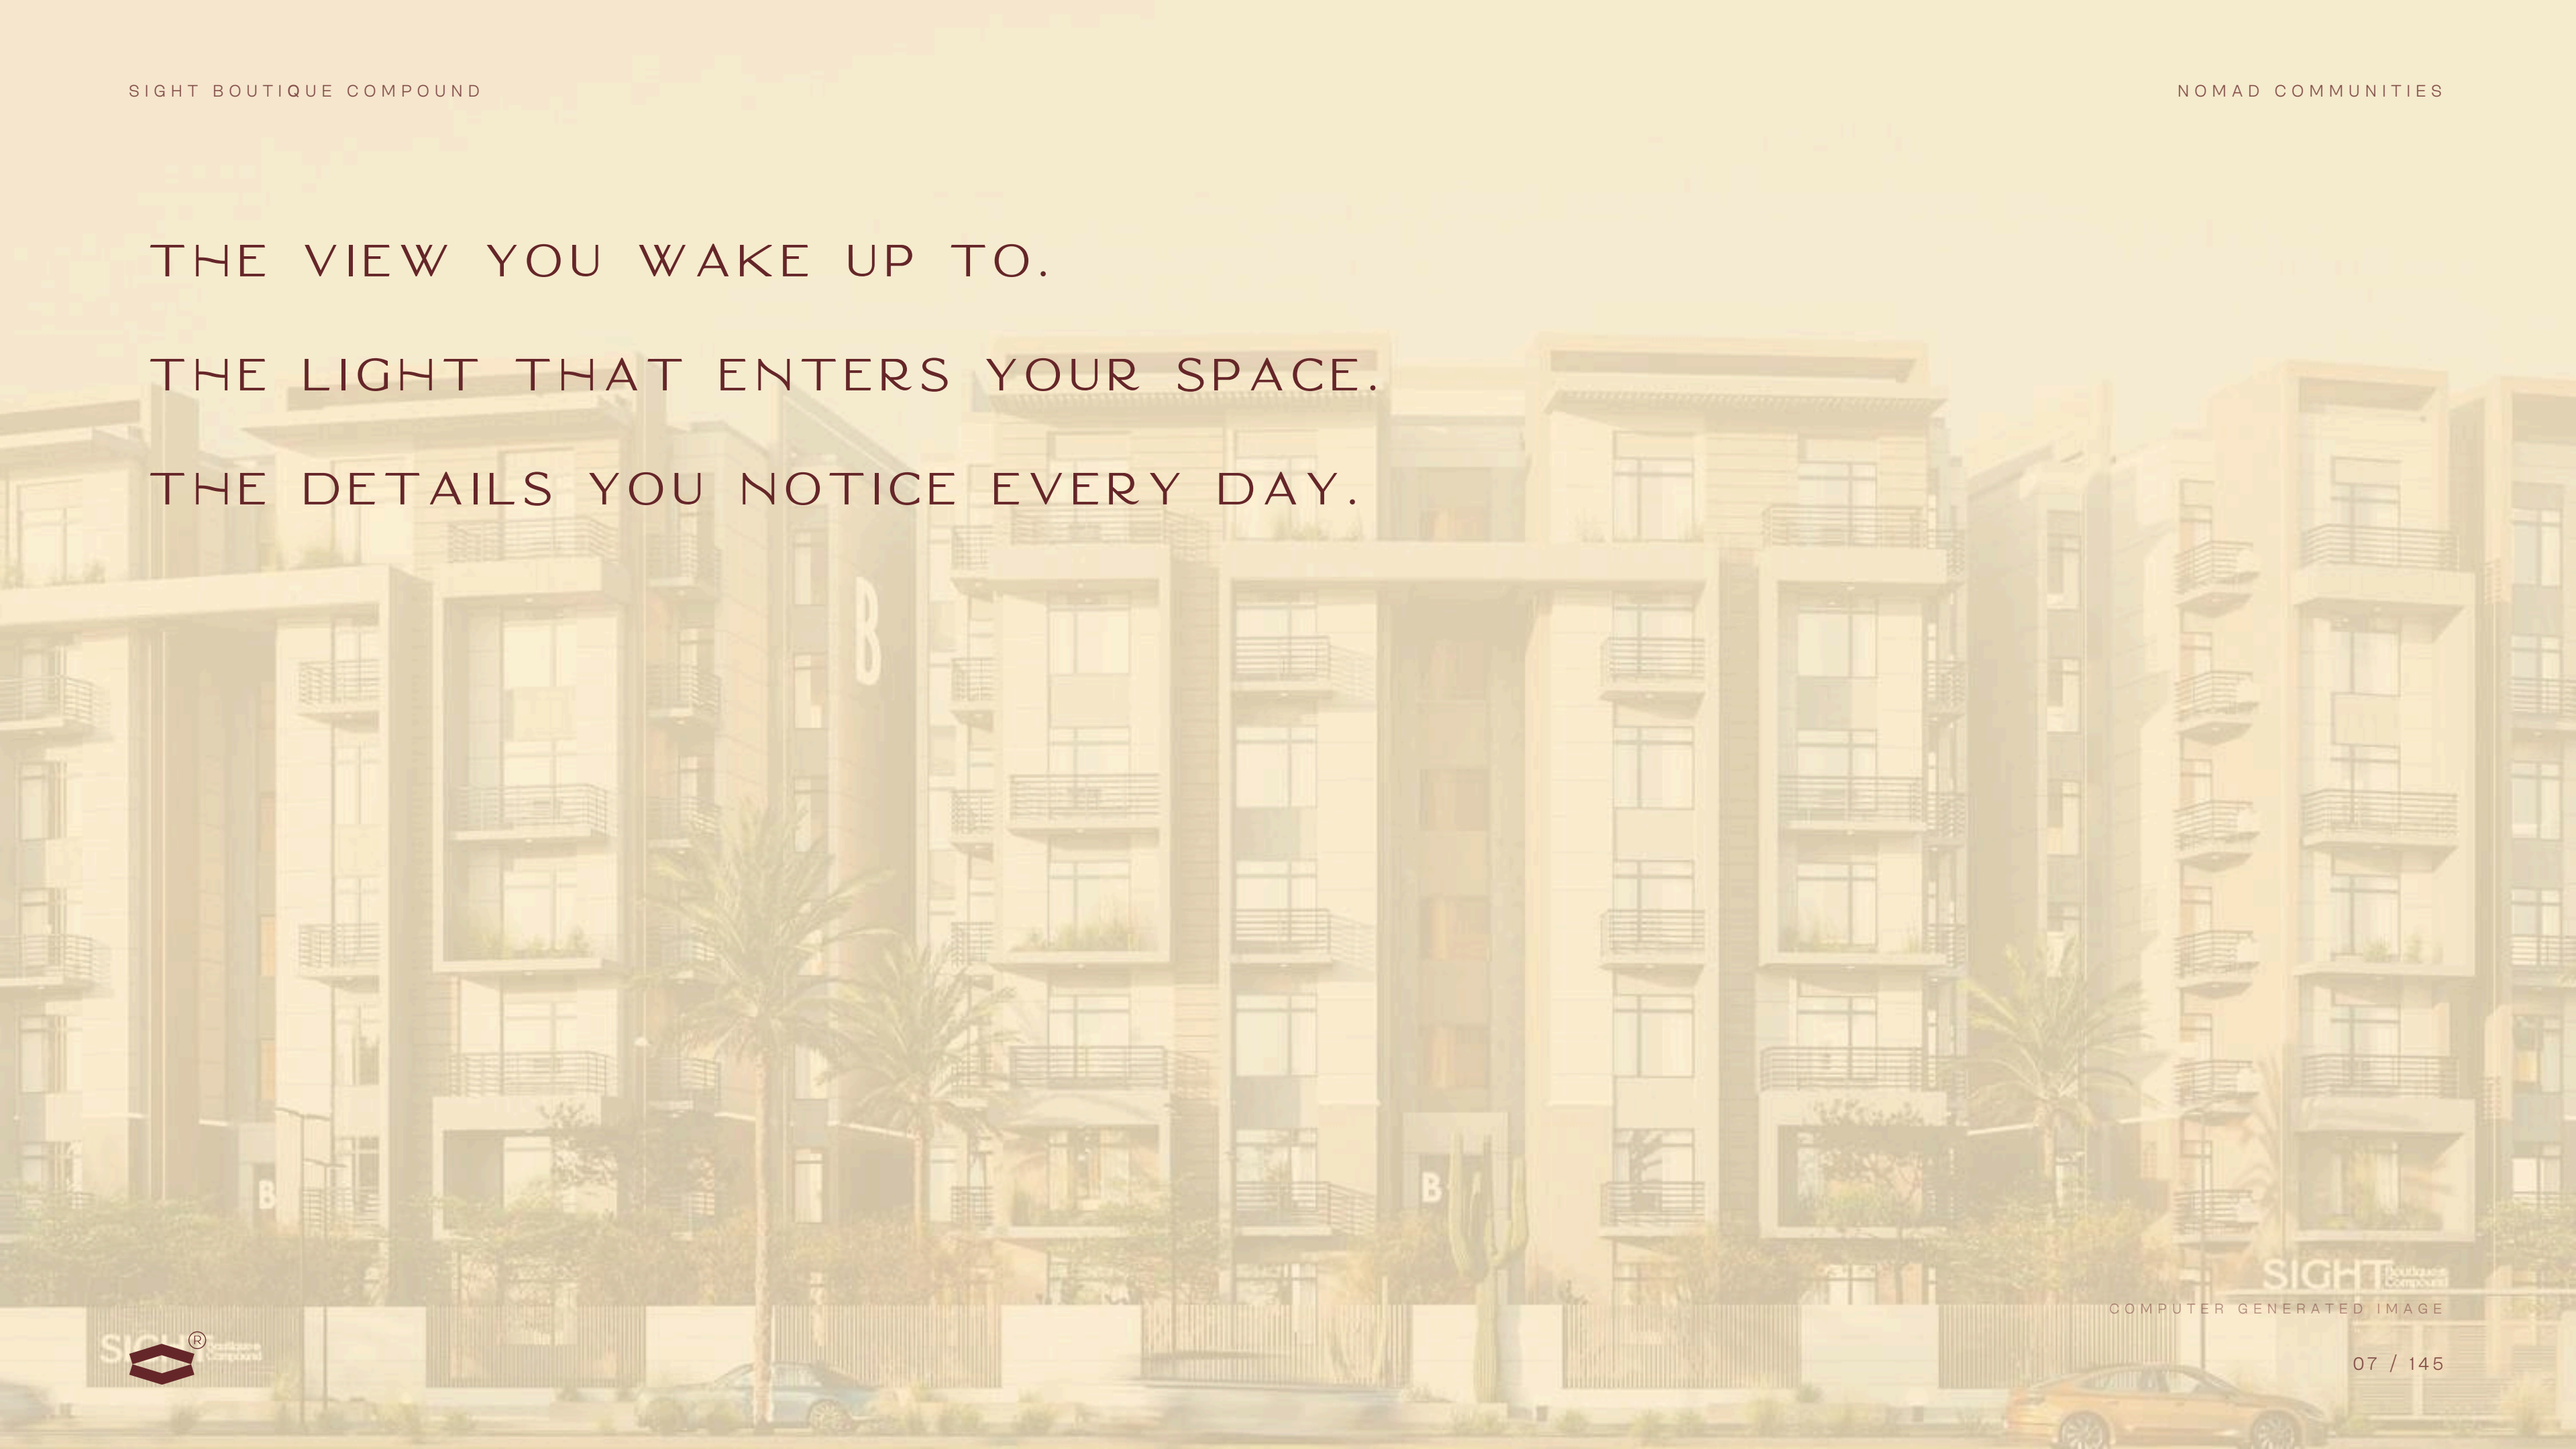

SIGHT describes a point of view. It brings attention to what a home reveals and how life feels within it. Openness and quiet observation shape the brand character.

# THE VIEW YOU WAKE UP TO.

# THE LIGHT THAT ENTERS YOUR SPACE.

# THE DETAILS YOU NOTICE EVERY DAY.
